# Sharing the Wonder...

# Membership Application

**T**he mission of the Highlands Center for Natural History is to help children and adults discover the wonders of nature and become wise caretakers of the land. We believe everyone has a fundamental need to connect with the natural world. This connection is fostered through outdoor science education based on observation and discovery of the Central Arizona Highlands.

**T**he Highlands Center is a nonprofit organization that depends on contributions from individuals, corporations, foundations, and other community partners to sustain our operations. When you become a member, you affirm that our mission is critical for this community. Your membership support helps the Center:

- Serve thousands of children each year with quality programs that teach, inspire, and connect them to nature
- Sustain life-long learning programs for adults about the natural history of the Central Arizona Highlands
- Provide unique special events like our semi-annual Grow Native! Plant Sales and the “Take a Hike” hiking spree
- Maintain our beautiful campus, our LEED-certified green building (the James Learning Center), and more than two miles of woodland trails.
